My name (Print your full name): _____

My address: _____

I want the following person to be my health care agent:
(an agent is your personal representative under state and federal law):

Agent name: _____ **Agent phone number** _____

Address: _____

My agent can make health care decisions for me, including:

- Deciding to accept, withdraw or decline treatment for any physical or mental condition of mine, including life-and-death decisions.
- Agreeing to admit me to or discharge me from any hospital, home, or other institution, including a mental health facility.
- Having complete access to my medical and mental health records, and sharing them with others as needed, including after I die.
- Carrying out the plans I have already made, or, if I have not done so, making decisions about my body or remains, including organ, tissue or whole body donation, autopsy, cremation, and burial.

The above grant of power is intended to be as broad as possible so that my agent will have the authority to make any decision I could make to obtain or terminate any type of health care, including withdrawal of nutrition and hydration and other life-sustaining measures.

I authorize my agent to (please check any one box):

☐ Make decisions for me only when I cannot make them for myself. The physician(s) taking care of me will determine when I lack this ability.

(If no box is checked, then the box above shall be implemented.) OR

☐ Make decisions for me starting now and continuing after I am no longer able to make them for myself. While I am still able to make my own decisions, I can still do so if I want to.

Successor health care agents (optional):

If the agent I selected is unable or does not want to make health care decisions for me, then I request the person(s) I name below to be my successor health care agent(s). Only one person at a time can serve as my agent (add another page if you want to add more successor agent names):

Power of Attorney for Health Care Illinois Statutory Short Form

The subject of life-sustaining treatment is of particular importance. Life-sustaining treatments may include tube feedings or fluids through a tube, breathing machines, and CPR. In general, in making decisions concerning life-sustaining treatment, your agent is instructed to consider the relief of suffering, the quality as well as the possible extension of your life, and your previously expressed wishes.

Your agent will weigh the burdens versus benefits of proposed treatments in making decisions on your behalf.

Additional statements concerning the withholding or removal of life-sustaining treatment are described below. These can serve as a guide for your agent when making decisions for you. Ask your physician or health care provider if you have any questions about these statements.

Select only one statement below that best expresses your wishes (**OPTIONAL**):

☐ The quality of my life is more important than the length of my life. If I am unconscious and my attending physician believes, in accordance with reasonable medical standards, that I will not wake up or recover my ability to think, communicate with my family and friends, and experience my surroundings, I do not want treatments to prolong my life or delay my death, but I do want treatment or care to make me comfortable and to relieve me of pain.

☐ Staying alive is more important to me, no matter how sick I am, how much I am suffering, the cost of the procedures, or how unlikely my chances for recovery are. I want my life to be prolonged to the greatest extent possible in accordance with reasonable medical standards.

Specific limitations to my agent's decision-making authority:

The above grant of power is intended to be as broad as possible so that your agent will have the authority to make any decision you could make to obtain or terminate any type of health care. If you wish to limit the scope of your agent's powers or prescribe special rules or limit the power to authorize autopsy or dispose of remains, you may do so specifically in this form.
